Food stalls will be set up in the car park to the left.

People who use manual wheelchairs may need additional help to manage the grassy area.

The Box Office is inside the venue. You can inquire about any further information there. In addition, all staff will be wearing orange lanyards and can help support you with information or help.

We have a quiet space in Studio 2 for people who want some peace and quiet. Please ask for the location at the Box Office. Earplugs will also be available at the Box Office.

Seating will be available near the food traders and mainstage, or please bring blankets and chairs.
